Reith Neumahr Attorneys

Comment:

Despite the split from name partner Prof. Dr. Stefan Schick, the Stuttgart team remains a solid player in succession advice. Younger partner Dr. Ulrich Lambrecht has successfully carved out a position on the interface between inheritance and corporate law. Furthermore, Reith retains its well-established notary office, along with its ties to ultra high-net-worth families in the region. However, Schick's departure largely meant the loss of expertise in advice on charity law, as well as advice to municipal and ecclesiastical hospital operators. (2 partners, 6 associates)

Clients:
