

## **M&A**

### **Reith Neumahr Attorneys**

#### **Comment:**

In the recovering transaction market, this Stuttgart corporate boutique advised on a series of small and mid-sized M&A deals, though the focus shifted: with the departure of founding partner Prof. Dr. Stefan Schick, the firm lost most of its contacts to municipal and church hospital operators, which had previously provided frequent M&A work. But the remaining three partners were able to improve their access to transaction work from (manufacturing) Mittelstand companies. (3 partners, 3 associates)
